

**Middle Georgia State College
Student Affairs Committee
Meeting # 3
28 February 2014
Room 102, Academic Service Building, Warner Robins Campus**

In attendance:

Alan Clark

TOTAL: \$578,804

The projected revenue of \$564,939 would leave the budget short \$13,865. This is expected to be made up in carry over from FY 2014.

Neff offered to separate the fees into individual votes. However, because the Committee was in accord, the budget and fees were approved unanimously as a single block.

The date of the next Committee meeting depends on the response to the submitted budget. The Chair indicated that it likely would be no earlier than September. Just before noon, the Committee voted to adjourn.
