

Current Course Description:

Description:

Public health informatics is an emerging interdisciplinary field that uses information technology and informatics methods to meet public health goals. To meet the

information needs of public health professionals, this course provides foundational knowledge relevant to public health informatics in the unique public health environment and on health information management systems. This course provides

informational needs to public health professionals. This course provides foundational knowledge relevant to public health informatics in the unique public health environment and on health information management systems. This course provides

informational needs to public health professionals. This course provides foundational knowledge relevant to public health informatics in the unique public health environment and on health information management systems. This course provides

Section	Topic	Prerequisites	Corequisites	Notes
1	Introduction to Public Health Informatics			
2	Public Health Data Management			
3	Health Information Systems			
4	Health Data Analysis			
5	Health Communication			
6	Health Equity and Informatics			
7	Health Policy and Informatics			
8	Health Law and Informatics			
9	Health Ethics and Informatics			
10	Health Research and Informatics			
11	Health Practice and Informatics			
12	Health Evaluation and Informatics			
13	Health Surveillance and Informatics			
14	Health Promotion and Informatics			
15	Health Protection and Informatics			
16	Health Policy and Informatics			
17	Health Law and Informatics			
18	Health Ethics and Informatics			
19	Health Research and Informatics			
20	Health Practice and Informatics			
21	Health Evaluation and Informatics			
22	Health Surveillance and Informatics			
23	Health Promotion and Informatics			
24	Health Protection and Informatics			
25	Health Policy and Informatics			
26	Health Law and Informatics			
27	Health Ethics and Informatics			
28	Health Research and Informatics			
29	Health Practice and Informatics			
30	Health Evaluation and Informatics			
31	Health Surveillance and Informatics			
32	Health Promotion and Informatics			
33	Health Protection and Informatics			
34	Health Policy and Informatics			
35	Health Law and Informatics			
36	Health Ethics and Informatics			
37	Health Research and Informatics			
38	Health Practice and Informatics			
39	Health Evaluation and Informatics			
40	Health Surveillance and Informatics			
41	Health Promotion and Informatics			
42	Health Protection and Informatics			
43	Health Policy and Informatics			
44	Health Law and Informatics			
45	Health Ethics and Informatics			
46	Health Research and Informatics			
47	Health Practice and Informatics			
48	Health Evaluation and Informatics			
49	Health Surveillance and Informatics			
50	Health Promotion and Informatics			
51	Health Protection and Informatics			
52	Health Policy and Informatics			
53	Health Law and Informatics			
54	Health Ethics and Informatics			
55	Health Research and Informatics			
56	Health Practice and Informatics			
57	Health Evaluation and Informatics			
58	Health Surveillance and Informatics			
59	Health Promotion and Informatics			
60	Health Protection and Informatics			
61	Health Policy and Informatics			
62	Health Law and Informatics			
63	Health Ethics and Informatics			
64	Health Research and Informatics			
65	Health Practice and Informatics			
66	Health Evaluation and Informatics			
67	Health Surveillance and Informatics			
68	Health Promotion and Informatics			
69	Health Protection and Informatics			
70	Health Policy and Informatics			
71	Health Law and Informatics			
72	Health Ethics and Informatics			
73	Health Research and Informatics			
74	Health Practice and Informatics			
75	Health Evaluation and Informatics			
76	Health Surveillance and Informatics			
77	Health Promotion and Informatics			
78	Health Protection and Informatics			
79	Health Policy and Informatics			
80	Health Law and Informatics			
81	Health Ethics and Informatics			
82	Health Research and Informatics			
83	Health Practice and Informatics			
84	Health Evaluation and Informatics			
85	Health Surveillance and Informatics			
86	Health Promotion and Informatics			
87	Health Protection and Informatics			
88	Health Policy and Informatics			
89	Health Law and Informatics			
90	Health Ethics and Informatics			
91	Health Research and Informatics			
92	Health Practice and Informatics			
93	Health Evaluation and Informatics			
94	Health Surveillance and Informatics			
95	Health Promotion and Informatics			
96	Health Protection and Informatics			
97	Health Policy and Informatics			
98	Health Law and Informatics			
99	Health Ethics and Informatics			
100	Health Research and Informatics			

13. In which department is a requirement in violation of the department of school?  Yes  No

...must sign this form before it is sent to the ... of Academic Affairs. The signature does not indicate approval or disapproval, it simply acknowledges that the proposal has been reviewed.
