Lita Howard

Approval of the Agenda – Chief Mitchell approved; Teri seconded

Re-election of Chair for Academic Year 2022-2023: tabled for Fall 2022 meeting but Chief Mitchell nominated Sharon Standridge to
continue as Chair through Fall. This was seconded by David Sims, Tara Underwood and Teri Jackson.

Business

Still working on an update to the Drug/Alcohol Policy: MGA PD is working with housing on outreach but have not been able
to determine what specific program would work best and how it would track with Student Conduct/Student Affairs. One way
to improve the discussion would be to bring more people to the table to discuss how to address drug/alcohol infractions.

There is a current budgetary restriction for more door alarms and cameras especially for the cameras which require a license
for each camera. A request has been added to next year's budget to obtain some more cameras including one for Gateway and
a few more for Knights Hall. Another way to address the camera issue would be to move some dormant cameras which may
occur after the internal audit has been completed.

Drugs/Smoking on Campus

i) Marijuana is the biggest drug issue currently in the dorms
