For Administrators:

School of Education and Behavioral Sciences

- b. The committee discussed what to do about a current situation whereby a candidate, department, and the university do not have copies of the evaluation for a candidate for a specific year. This committee felt that a letter written by the Chair of that department (the Chair at that time and/or the current Chair) concerning why the evaluation was not available for that candidate at that time should suffice.
  - c. Dr. Frazier provided a short update on the changes instituted by the USG regarding the Post-Tenure Review process.
  - d. The committee asked Dr. O'Leary-Davidson to address the Faculty Senate regarding our concerns about how Senior Lecturers are evaluated differently across all of our Schools.
  - e. A tentative date was set for members of the PTPTR committee to evaluate the portfolios for the three candidates applying for Senior Lecturer: Friday, October 28, 10 AM until 12 noon.
6. There were no other announcements.
7. Questions:
- a. A question was asked concerning the training of the PTPTR process for all of our faculty. Dr. Frazier described the mostly email process in detail. However, the current process only involves the present members that are to be evaluated. For the future, once the changes from the USG come down, our committee needs to better work with the administration in getting the full process information out to all faculty.
8. The meeting was adjourned at 11:18 AM.

Respectfully submitted,

John M. Trimboli, Ph.D.
