

The Student Academic Objectives For more information reach out to Allison Garibello, as this is her role. There is a vast potential market for international students who would be delighted to come and study in central Georgia. The MGA -from-a-small-town-college.

---

To expand MGA's global presence, the S.A.E.C offers these recommendations:

Designate MGA's Cochran campus as the International Campus. Presented Fall '23 to Jennifer Brannon (head of Student Affairs/decision maker.) She is working on this. Email her to inquire about updates. This includes making a dorm exclusive to international students. The dorm should also house the International Student Services Office It would be ideally located to include concierge services for existing and future international students. The goal is to get international students out around campus vs. hanging in the dorms -though good thought. ISS offices are located in Grace Hall and SLC in Macon. Since the pandemic our international population shifted slightly -
