

Data and Reporting of Student Learning

SLO 1

SLO 1: What is the first Student Learning Outcome for this support area? Student learning outcomes should be stated in measurable terms (i.e. students will be able to.....)	Students will indicate counseling services was beneficial to their continued matriculation
SLO 1: What instrument (assessment type) was used to measure student's ability to demonstrate mastery of this learning outcome? (i.e. survey, participation, exam, assignment with rubric, speech, demonstration of ability,)	In house survey given to students with 3 or more sessions
SLO 1: What target performance level would a student need to achieve on the assessment instrument to demonstrate mastery of this learning outcome? (i.e. 80% of all students will earn an average grade of 75% or better on.....).	80% of students will indicate counseling services was beneficial to their continued matriculation.
SLO 1: During this assessment cycle, what percent of the students who participated in this assessment demonstrated mastery of this learning outcome? (this should be a number between 0-100)	50
SLO 1: Evidence of changes based on an analysis of the results: What changes were implemented, if applicable, based on an analysis of the students' performance on these student learning outcomes? (Evidence of the improvement must be kept and filed in the support area including but not limited to: changes in delivery of services, operations, service processes, etc... Both old versions and new versions should be kept on file for 10 years.)	With the closure of campus and shift on online learning and tele-health services, the assessment schedule was disrupted as the counselors' focus shifted to assuring they had the training to offer tele-health and the number of student appointments decreased during the campus closure. However, previous years' data indicated that students typically indicate that counseling is beneficial to the student(s) staying enrolled.
