Administrative Unit Assessment Report Information

Year Reporting: FY21 (July 2020 – June 2021)

Objectives

Each year, every department should identify objectives the department hopes to accomplish in the next year. These should align with departmental goals and the MGA strategic plan. In the next section you will be reporting on the objectives you set and whether or not you achieved them in FY21. Later in the documen

Objective 2

14. Objective 2: What was this department's second objective for this fiscal year? Objectives should be specific, measurable, and achievable within one year.	Provide quality support to students in their mathematics classes.
15. Objective 2: Detail how your department measured this objective? (Survey, budget number, number of participants, jobs completed, measurable time and/or effort)	Analysis of tutoring logs kept by the MARC.
16. Objective 2: What was your target outcome for this objective? (1.e. 80% participation, 5% enrollment growth, 7% change in engagement)	With the understanding that many students visit the MARC only once for assistance, we believe that the quality of the MARC's support can be measured by "repeat customers". Our target percentage is 40% of students being repeat customers.
17. Objective 2: At what level did the department/area achieve on this objective? (This should be a number, i.e. 82%, 6%, 345 attendees, 75% engagement)	Approximately 54% of students were repeat students for the Fall 2020 and Spring 2021 terms.
18. Objective 2: Did your department meet this objective? 19. Objective 2: What did your department learn from working toward this objective? What changes will you make based on this effort next	The department exceeded this objective.

Objective 3

20. Objective 3: What was this department's third objective for this fiscal year? Objectives should be specific, measurable, and achievable within one year.

Future Plans

32. Please identify and detail three to four measurable objectives for the next fiscal year. In listing the objectives, please use the format shown in these examples.1) The Department of X will improve services levels by 5% as measured by our satisfaction survey. 2) The department of X will provide training in ABC for at least 73 MGA faculty and staff.

The MARC maintains the same objectives as the 2020-2021 year.

Open Box for Assessment Comments

33. Based on this assessment, please share your thoughts on the current status and future direction of this department or area. Use this space to summarize overall use of assessment results for continuous improvement and open text box for assessment comments:

The MARC has expanded into online tutoring over the last year (jump started by the COVID-19 pandemic), and intends to keep that flavor of assistance available as we shift back to offering our more traditional face to face services.

37. If the COVID-19 pandemic impacted this assessment cycle, please provide specific details below.

Due to the COVID-19 pandemic, we have not had regular face to face interaction with the students that we would normally have. We often draw on students we meet to refresh our pool of student tutors. With regular service interrupted for over a year, many tutors have graduated/moved on and have not yet been replaced--something the MARC is currently working on.
