Data and Reporting of Student Learning

SLO 1

7. SLO 1: What is the first Student Learning Outcome for this support area? Student learning outcomes should be stated in measurable terms (i.e. students will be able to.....)	70% of students using clinic services will indicate at least two benefits of scheduling appointments in advance.
8. SLO 1: What instrument (assessment type) used to measure student's ability to demonstrate mastery of this learning outcome? (i.e. survey, participation, exam, assignment with rubric, speech, demonstration of ability)	During each patient encounter, the nurse practitioner will discuss the importance of scheduling appointments and will note the student's responses.
9. SLO 1: What target performance level would student need to achieve on the assessment instrument to demonstrate mastery of this learning outcome? (i.e. 80% of all students will earn an average grade of 75% or better on.....)	70 percent
10. SLO 1: During this assessment cycle, what percent of the students who participated in this assessment demonstrated mastery of this learning outcome? (this should be a number between 0-100)	25
11. SLO 1: Evidence of changes based on an analysis of the results: What changes were implemented based on an analysis of the students' performance on these student learning outcomes?	SHS staff provided regular updates on clinic policies and scheduling, educated students on appointment scheduling, and posted signage on clinic doors. Due to shifts in clinic availability and Covid-related policies, this goal will be revisited.

SLO3

17. SLO 3: What is the third Student Learning Outcome for this support area? Student learning outcomes should be stated in measurable terms (i.e. students will be able to.....)	100% of students who seek clinic services will be educated on their patient rights and responsibilities.
18. SLO 3: What instrument (assessment type) was used to measure student's ability to	

SLO4

22. SLO 4: What is the fourth Student Learning Outcome for this support area? Student learning outcomes should be stated in measurable terms (i.e. students will be able to.....)	
23. SLO 4: What instrument (assessment type) was used to measure student's ability to demonstrate mastery of this learning outcome? (i.e. survey, participation, exam, assignment with rubric, speech, demonstration of ability)	
24. SLO 4: 981	

Open Box for Assessment Comments

30. Additional Assessment Open Text Commer 2021-2022 SLO: 1. Following interactions with
Box Student Health Services, 80% of students will
demonstrate the ability to access valid health
