**Program purpose and mission**

The mission statement of the University is as follows,

Compare that with the School of Aviation mission,

hantantt

### Accreditation information/status

The Federal Aviation Administration (FAA) under Title 14 of the Code of Federal Regulations (CFR), Part 147, certifies the program. In addition, the program falls under University SACSCOC accreditation.

hrogram rtonistisgn ar a n

### Method(s) of delivery

The five semester long program consists of 18 classes, which require the student to complete 1960 contact hours of instruction. To complete the contact hours within five semesters, the student must attend class Monday- Thursday, from 7am until 4pm. The program is "hands on" oriented, with much of the instruction delivered in a hangar environment.

FAA regulations dictate the student to faculty ratio. The FAA allows for a maximum student to faculty ratio, in the laboratory environment, to be no more than 25 to 1. While the ratio can be higher in the classroom environment, additional instructor supervision must be present in the laboratory to accommodate student numbers greater than 25.

Currently, the AMTP program instruction takes place exclusively on the Eastman campus, largely due to the contact hours required at the

## IEB's Comprehensive Program Review Rubric and Evaluation

Program Strengths of Note: There are many! Just to name a few:

- the Eastman enrollment has increased by 119% from fall 2018 to fall 2022, and its number of graduates has increased 260% over the same period.
- Due to increasing interest in the AMTP program, a second fall cohort was added to the

## Categorical Summation

Check any of the following to categorically describe action(s) the institution will take concerning this program.

X Program MEETS Institution's Criteria

Program is critical to

Check if the program is critical to the institution's mission and/or is a program that is critical to the institution's success.
