identify the learning objective associated with the learning goal being targeted.  
 A learning outcome is a description of the knowledge, skills and abilities you will gain as you complete your coursework.

Learning Outcome	Assessment Type(s)-4(ss
------------------	-------------------------

Learning Outcome 4	Successful teacher candidates will evaluate their professional practice through reflective Commentary, which will provide an understanding of engaging all learners through evidence-based instructional modifications.	Commentary and Rubric	ECSE 3555, ECSE 4477, and ECSE 4478	90% of students will earn a score of 80% or higher on the identified assessment

\*Data collected for assessment purposes should be segmented by program location. Cochran, Macon, Dublin, Eastern Row, or online students should be analyzed separately.

### Curriculum Map

Where in a student's academic program will they be taught the content of each learning outcome and how will the content be taught?

Please identify the method of instruction (i.e. case study, lecture, experiential instruction, team activity, writing assignment, quantitative exercise) to teach the learning outcome in courses required in the major. Not all major courses need to teach all learning outcomes.
